A SPECIAL LIMITED EDITION BRONZE
EDUCATION: THE KEY TO BAT CONSERVATION

Because education is such an integral part of our conservation efforts, we would like to share with you a special opportunity to purchase a unique piece of art. The Cactus Pollinator is a valuable limited edition bronze, created especially for Bat Conservation International by well-known wildlife artist Mark Andrew. This sculpture is more than an investment, it is also a distinctive way of conveying to others the importance of bats in our environment.

Help share the story of the crucial role this endangered lesser long-nosed bat plays in the survival of the ecologically sensitive Sonoran Desert.

For a color brochure, please call or write to: Cactus Pollinator, Bat Conservation International, P.O. Box 162603, Austin, TX 78716-2603 (512/327-9721).
