1996 Sets New Record for Scholarship Awards

BCI's student scholarship award program funded a record 12 out of 24 proposals submitted this year--three times as many as in previous years--thanks to the support of several generous donors.

We hope to be able to fund as many outstanding students in 1997, in amounts of up to \$2,500 each. Students enrolled in any college or university worldwide are eligible. The application deadline for 1997 funding is January 15, 1997. To find out more about the scholarship program or to request an application form and instructions, please contact:
