Your Comments Welcome!
McCabe, Sara

I would like to invite all members to send me comments and suggestions on the content of this magazine. Although I cannot guarantee that every suggestion will be implemented, nor that all who write will receive personal replies, it is always helpful to get feedback and new ideas from readers.

I am also interested in new article topics or comments on your favorite types of articles: general bat information, research findings, "members in action," conservation progress reports, etc. Please send all comments either via mail or e-mail to:

Sara McCabe

P.O. Box 162603

or smccabe@batcon.org

If you send e-mail, please type "magazine comments" into the subject line so I can organize my incoming messages.

Thank you all!
