Invitation to BCI's Legacy Circle

Each year, members of BCI's Legacy Circle demonstrate the importance they place on bat conservation. When planning the transfer of assets to the next generation, these far-sighted individuals recognize the continuing impact their gifts can have in ensuring a healthy environment and the thrill of wildlife experiences for those they love.

At the same time, BCI supports these special members by sharing information about planned gifts, such as bequests or charitable gift annuities. These types of gifts can be an easy way to promote your highest conservation goals. They can also make good financial sense. Some even provide income to you or your loved ones, while helping BCI protect bats and their habitats. Legacy Circle members also receive regular reports from BCI founder Merlin Tuttle and invitations to join special bat-related trips.

We invite you to consider the benefits of planned giving and join BCI's Legacy Circle. For more information, please call Arnie Phiher at (512) 327-9721, or e-mail plannedgifts@batcon.org.
