

## **Old Cars Help Bats**

You can get a little more value out of that old car – or truck, van, motorcycle, boat or airplane – that’s cluttering up your yard. Donate it to Bat Conservation International and we’ll use the proceeds to help conserve bats and their habitats around the world.

BCI can accept cars and other vehicles from anywhere in the United States. The vehicle doesn’t have to be running, we’ll tow it away for free. Vehicles that don’t sell at auction are sold for salvage. Bat conservation gets the profits either way.

Call us today, toll-free, at 877-BATS-123. We’ll pick up your vehicle and haul it away. And you’ll receive a receipt for your tax-deductible donation.
